## The Object of the Game

Some say it's to win, some, to survive. Whatever the motivation, there's only one way to get it out of your system; cross the finish line in 3rd place or better at every location end at all five levels. Sound easy? At each level the fines are heavier, the courses are longer, and the opponents are...let's just say they're less friendly. Punch, kick, and run your opponents off the road. Grab a club or a chain and thrash your way to the front of the pack. Place in a few races, save some cash, and trade up to a faster bike. Duck into Der Panzer Klub and schmooze with the other bikers, then take it to the street with a little something up your sleeve. And when you're out there rubbing elbows with this crowd, remember, you get back only the love you give!

## Getting To The Grid- The Start-up Menu

Choose options now or save it for the Restroom.

- To Select Menu items:
  - 1) D-Pad **UP/DOWN/LEFT/RIGHT**
  - 2) Press **A, B, or C**

### Thrash Mode

For those who need a quick fix. Choose a race location and hit the road. You can advance through five levels and bring your bike with you, but your progress cannot be saved.

### Big Game Mode

A tricked out version of the game where you can assume a false identity, blow your wad on a new bike, and get the skinny on the rishers and courses. This is where you race to win. Place third or higher at all five tracks and advance to the next level. Place third or higher at the fifth level and win it all!

### **Character Select**

Who would you want to be if you could be anyone? OK, what if you had to be one of these guys? Generally, the lighter a rider is, the quicker he rides. The heavier a rider is, the harder he hits. Some of these freaks start each race with weapons; some end up with a bundle of cash; and some are just plain aggressive muthas

### The Street

Hang out in the 'hood. Duck into the Der Panzer Klub for a hot tip and set up your next race. You can also throw down some cash on a bike at Olley's

### **Der Panzer Klub**

#### Schmooze

Pick up your next race.

#### Restroom

#### The Street

### **Olley's Skoot-A-Rama**

Choose from Olley's fine selection of Rat Bikes, Sport Bikes, and Super Bikes. Never bought a bike before? Don't worry. Just remember this general rule: the lighter a bike is, the easier it is to steer.

When you select a bike, you'll get a chance to take a good look at the machine and the specs before you lay down your cash. And if you get cold feet, just hit the Street.

### Restroom (Setup Options)

Set Thrash or Big Game mode, set number of players, mess with the sound, and load saved games.

### **Load/Save Game**

You can save a game at your current level. Options, such as identity and bike, are also saved. You can save only in Big Game mode.

- **To Save:** D-Pad **UP/DOWN** to highlight the slot of your choice, then press **A, B, or C**.
- **To Load a Saved Game:** D-Pad **UP/DOWN** to highlight the slot of your choice, then press **A, B, or C**

### Game Mode

### Player Level

### Engine Sounds On/Off

Hear the manic whine of engines or relax with simulated earplugs.

### Race Music On/Off

Bash to the beat or turn the race music off.

### Jukebox

Play that tune. Sample the metal warping scree of mosh gore, courtesy of A&M Records' finest. Choose the piece you want to hear.

## Racing

### The Instrument Panel

### The Mini-Dash

Confused by the glut of gauges? No problemo. Just press both shift buttons to bring up the Mini-Dash, a stripped down version of the instrument panel displaying only the most vital information.

## Fighting

Some come at you with clubs, some with chains. Some try to pummel you to menudo with their fists. Chill, man! You're allowed to fight back.

- To Punch: **C**
- To Backhand: **D-Pad UP & C**
- To Kick: **D-Pad DOWN & C**
- To Grab Weapon: **C** (when opponent is holding it out)

Your health is indicated by the health meter, your nearest opponent's, by his health meter. When your health meter hits bottom, you go down. Likewise with your nearest opponent (Note: If you're losing a scrap and your health meter is low. It's best to back off until your energy is restored.)

The more you rag on your opponents, the more they're gonna want to take you down. Go easy on 'em and you might pick up some riding tips or dirt on the courses, so to speak, next time you drop in at Der Panzer Klub.

## After A Race

There are four ways to finish a race. You can place first through third, which is the goal; you can finish fourth or lower; you can wreck your bike and pay for repairs; or you can get busted and pay a fine.

When you've placed first through third at every track you advance to the next level. Finish off all five levels and you've won the Rash. If you don't have enough cash to pay a fine or a repair bill you lose and have to start over.

*We hope you find Road Rash as entertaining as we do. Games are a great way to act out fantasies in a virtual environment where no one gets hurt.*

*The game is meant for entertainment purposes only. Events in the game and in the video are fantasies and are not meant to model reality in any way.*

*In the real world, if you run from the police you'll go to jail; if you ride recklessly and fall off your bike, you might not get back up. There's only one place for racing: a closed-circuit race track. There's only one way to ride: within the limits of your abilities and with full protective gear. Use your head.*

## SOUNDGARDEN

Music is more than a random collection of notes and phrases, more than a group of people creating sounds together. Music is the mind received and bodily expression of the essential truth that some call soul and others call madness. Few bands personify this as clearly, or as intensely as Seattle's Soundgarden. Working with the raw force of the monster all the pulsating groove and the fear of rhythm, Soundgarden create (but manipulate) for the modern age.

Available on A&M: Loudie, Flunk Flunk, Administration, Superunknown

## PAW

Images of Frank Zappa were on a punk rock band or even better yet, imagine it. Apparently with the title American novel. Can't do it? Well, maybe you should listen to Paw to get a few dirty, or lean to me some-grating rock with power-empowering street vibrations. Formed at Lawrence, Kansas, in '81 by the Face Brothers and fellow musicians Paul Perryman and Charles Spurr, Paw are simply one of the hard rock rock, hard love, hard as hell bands around today.

Available on A&M: Duzine

## HAMMERBOX

Whisper and that gets me into, legal and legal, obviously every band of Hammerbox. Hailing from Seattle and sponsored by the aforementioned vocal stork of Come Amen, Hammerbox make music that will grind, grunge and gnash your spine into a deep red of such rock blues and then gently lift you up to some heaven... if you ever gently get mad at the world, come down it, then that is sound that is better especially for you.

Available on A&M: Hard

## THERAPY?

They came from Detroit, a town that conjures images of violence, war, and industrial power. Maybe that's why the sound they make harnesses the soul and mixes the part of a day-to-day existence. These young, from rock artists take a long, hard look at the world and see life in and instead of giving us they give themselves up to the pure joy of making some of the most uncompromising music ever. Obviously, staying sane through heavy rock is the only therapy possible for the likes of you.

Available on A&M: Here, Hot Off To The Race, Touche

## MONSTER MAGNET

Up first, the album drifts and down for the most, Florida Magnet cuts, making it the work with music from the debut A&M album Superstar. The hard young Lil'lowers live the mutant mind of Dave Mustaine, in '85 and have been making records and bands, and the same. Intensive for their live shows—partially that guitar score accompanied by video-mapping light shows—Monster Magnet rule, music that persists in law, after the full world of rock as we know it.

Available on A&M: Superstar

## SWERVEDRIVER

Take the driver into the dark, swirling color, hammering that is Swervedriver. Slowed by the feel of all the sounds broken to man and seduced by, rambles of all the things that drive you mad, this is music for the rest of your life. Their first Englishman came inside that can take you to the edge of the same, beyond and then, and you think you're broke and your track, it's not just to a band, it's a 4 1/2 minute sound. Come get your share of this life with Swervedriver.
